> Notwithstanding the positive denials of the managers of the Hudson County Jockey Club that they are in any way interested in the Cloverdale track at Gloucester, stories are constantly cropping out concerning their doings in South Jersey. The latest is a relation of how Thompson outwitted the Guttenburg management in the fight for the lease of the Cloverdale track. It is said that the Guttenburgers secured a license before they got a lease of the track. The lease is held by the Cloverdale Driving Association. Last night the Board of Directors asked for bids for the unexpired lease, and Frank Hoyt, who is said to represent Guttenburg, bid \$500. Thompson's representative raised Hoyt \$50, and announced that he was prepared to bid higher than any one else. Thompson, it is said, will try to stave matters off until April \$5, when he will attempt to elect a Board of Directors pledged to protect his interests.
